POSTCARDS FROM CIVITAVECCHIA 2024: THEME

The theme of the 9th edition is **"A matter of perspective"**.

"Just when you think you think you know something you have to look at it in another way. Even if it may seem silly, or wrong, you must try."

(From the movie "Dead Poet Society")

The perspective from which we observe the world around us has an influence on our thoughts, our decisions and, in general, on our lives. **Sometimes, we only need to change our point of view a little** to notice something we had not noticed before. A detail that we had overlooked or, on the other hand, a global "vision" that we had not yet grasped.

There's **beauty** that often goes unnoticed. Our eyes always look from the same angles. In photography, perspective refers to the spatial relationship between the subjects in the frame. **The way an image is composed helps to see something new.**

It's quite common that the view of something from a different point of view leads to opposite interpretations and different meaning. It is really the case to say that it's all a matter of perspective.

The challenge is open: Postcards from Civitavecchia 2024 is waiting for you!
